PGP PROGRAMMES

PGP in Artificial Intelligence and Data Science

This programme offers a comprehensive and rigorous curriculum that covers courses from foundation to advanced levels including Machine Learning, Deep Learning, Fundamentals of AI, Natural Language Processing (NLP), Optimization, Bigdata Engineering, Data Visualisation, Responsible AI, Reinforcement Learning and Time Series Analysis. The programme focuses on both theoretical foundations and practical application. Students learn to solve business problems using AI and Data Science across various industries. Through hands-on projects, capstones, industry interactions and internships, students gain practical exposure to real-life AI & DS applications.

PGP in Management (Digital Media & Marketing Communications)

This Management Programme in Digital Media & Marketing Communications offers a robust foundation in core management principles, preparing students to effectively plan, lead, and execute strategic decisions. The programme includes a specialized focus on marketing fundamentals, delving into consumer behaviour and brand strategy. It emphasizes New Age Digital Marketing, equipping students with essential skills such as social media analytics, content marketing across emerging platforms, and leveraging AI-powered marketing tools.

PGP in Sports Management

This Sports Management programme equips students with the skills to navigate the fast-growing sports industry. Students master sports marketing, event management, finance, analytics, and legal aspects, preparing them for careers in sports media, sales, marketing & sponsorships, sports analytics & consulting, sports events, operations, performance management and eSports. Through case studies, guest lectures, and real-world projects, students emerge career-ready with a deep understanding of the business of sports.

MESSAGE FROM VICE CHANCELLOR

Dear Industry Partner,

I hope this message finds you well.

At Jio Institute, we are committed to developing career-ready professionals with specialized, new-age skills. We currently offer three one-year, full-time, residential postgraduate programmes in Artificial Intelligence & Data Science (AI&DS), Management (specialisation in Marketing) & Sports Management

These programmes are designed and mentored by expert academicians from renowned international universities, and are taught by a blend of both academics and industry practitioners from India and around the world.

Our approach to education goes beyond traditional academic excellence. We focus on holistic development, combining academic knowledge with practical skills, personal development, and real-world experiences. This approach prepares our students to step confidently into the professional world. A strong emphasis is placed on fostering a research-oriented and innovative mindset, which is essential for both personal growth and driving positive change in society.

As a valued partner, we invite you to visit our beautiful sea-side campus in Ulwe, Navi Mumbai, and meet our students if you have not done so already. We are confident that our upcoming graduating cohort will be well-suited for roles in your organization, and we encourage you to consider recruiting from this talented pool of future leaders.

The entire Jio Institute team is dedicated to collaborating with you, and we look forward to strengthening our partnership to contribute to India's knowledge economy

STUDY

ABROAD MODULE

The Study Abroad Module is one of the key elements of Jio Institute's curriculum, reflecting the Institute's commitment to providing students with valuable international exposure. This mandatory module ensures that every student has the opportunity to study at one of the partner universities, integrating academic learning, industry immersion, and cultural enrichment into a comprehensive experience. In the previous years, students have visited Nanyang Technological University (NTU), Singapore, and attended new-age courses like Consumer Neuroscience, Blockchain Technology, Future Consumer Experience and Cyber Security, and industrial visits to pioneers such as Dentsu, Burger King, Decathlon, AWS and many more. This year, the AI & DS students and Management (specialization in Marketing) are going to NTU Singapore while the Sports Management students are going to HBKU university in Qatar for their international immersion.

Our Partner University

EXPERIENTIAL LEARNING

Our pedagogy focuses on experiential learning, which involves immersing students in practical experiences to apply and reinforce theoretical concepts. This method enhances understanding and skill development through direct engagement, reflection, and iterative practice.

Internships

Students undertake an internship with leading organisations, offering them practical experience in a professional setting. This opportunity enables them to apply academic knowledge, build valuable professional networks, and gain hands-on experience across various functions, all under the guidance of industry mentors.

Capstone Project

Industry-driven projects are a crucial element of the curriculum, allowing students to apply classroom knowledge to real-world challenges. Guided by industry mentors, these projects provide students with valuable insights and support, helping them develop solutions within a simulated environment.

Corporate Projects

The students engage in live projects for various organizations, mentored by senior executives. These projects allow students to tackle real business challenges and develop actionable solutions. Running concurrently with their academic programme, these projects provide an opportunity to apply their classroom learnings in a practical, real-time setting.

Industry Collaboration

Throughout the year, students participate in industry visits to leading organizations, gaining invaluable practical exposure and interacting with senior leadership from renowned global companies. These visits offer a comprehensive view of "a day in the life" of their desired profession, including opportunities to tour expansive corporate campuses, observe processes in action, and engage with the leadership teams.

LEARNING & DEVELOPMENT

Learning & Development (L&D) is an important part of academics at Jio Institute. It includes a wide range of activities designed to help students grow both personally and professionally. From classroom learning to hands-on corporate exposure, L&D helps bridge the gap between academics and the real world.

These activities include skill-building workshops, mock interviews, industry talks, group projects, and career guidance sessions. The goal is to make students confident, interview-ready, and well-prepared for the demands of the industry. Some of the activities conducted include :

Placement Preparation

- Critical thinking
- Resume Prep and workshop
- GD Workshop and Mock Interviews
- Role Based Workshop
- Offline and Online Mentorship

LIVE PROJECTS

Vibrant Media

Students collaborated with experienced category managers to analyze brands, websites, and ad creatives. They created detailed audience personas reflecting consumer behavior, helping to tailor marketing strategies for Tira, Reliance Digital, Urban Ladder, and Jio Mart.

Jio Financial Services

Students developed a comprehensive launch strategy for a finance superapp. They conducted market research, created financial projections, crafted a multi-channel marketing plan, and applied strategic frameworks to ensure effective market entry and differentiation. They also developed communication strategies to engage stakeholders and the public.

CASE COMPETITION

LuxFeud by SDA Bocconi Asia Center, Mumbai

A team consisting of 4 PGP Marketing students won the LuxFeud-Second Edition Business Competition on 10th August 2024. The three-round competition saw spirited participation of more than 600 teams from across India. After a couple of rounds of online quizzes, the students presented their pitch that outlined the strategic roadmap for Fidenza Village, a luxurious open-air shopping destination, followed by Q&A with an expert panel

SproutIT 2024 by Symbiosis Center for Information Technology

A team consisting of 4 PGP Marketing students won an ideation challenge as part of the SproutIT 2024 organized as part of their Prismatic North fest with Information Technology Entrepreneurship and Leadership Forum (iTELF). The two-round competition saw participation from more than 300 teams from leading universities. After the quiz round, 25 teams presented their pitch, amongst which the Jio Institute team secured the first place.

Ideate: Pitch Deck and Marketing Strategy Event, IIT Dharwad

The E-Summit 2024 hosted by IIT Dharwad, saw participants present innovative business ideas along with comprehensive marketing strategies. Out of 400 participating teams, the team consisting of three of our PGP students secured the second place.

The team's project, titled "Waste Not, Feed All: Innovating Food Waste Management in India," focused on addressing two significant issues: India's growing food waste crisis and the demand for sustainable animal nutrition. Their proposal outlined a scalable business model aimed at transforming food waste into high-quality animal feed. The initiative would initially launch in Tier 1 cities, with plans for national expansion.

The business leverages cutting-edge technology, utilizing AI-powered waste segregation systems and low-heat dehydration techniques to preserve the nutritional value of the waste, ensuring it meets the needs of the animal feed market.
