Education & Research)

ABOUT JIO INSTITUTE

Jio Institute is a multidisciplinary higher education institute set up by the Reliance Group. The Institute is dedicated to the pursuit of excellence by bringing together global scholars and thought leaders and providing an enriching student experience through world-class education, and a culture of research and innovation.

OUR VISION

We envisage being a world-class higher education Institute through our multidisciplinary academic programmes, and a culture of research, innovation, and entrepreneurship. To achieve this, we focus on creating relevant ecosystems for lifelong learning, developing an attitude of problem-solving, and associating with global scholars and thought leaders from around the world. With this solution-driven approach, Jio Institute aims to play a pivotal role in nation-building and nurturing global citizens.

PGP

PROGRAMMES

PGP in Artificial Intelligence and Data Science

This programme offers a comprehensive and rigorous curriculum that covers courses from foundation to advanced levels including Machine Learning, Deep Learning, Fundamentals of AI, Natural Language Processing (NLP), Optimization, Bigdata Engineering, Data Visualisation, Responsible AI, Reinforcement Learning and Time Series Analysis. The programme focuses on both theoretical foundations and practical application. Students learn to solve business problems using AI and Data Science across various industries. Through hands-on projects, capstones, industry interactions and internships, students gain practical exposure to real-life AI & DS applications.

PGP in Management (Digital Media & Marketing Communications)

This Management Programme in Digital Media & Marketing Communications offers a robust foundation in core management principles, preparing students to effectively plan, lead, and execute strategic decisions. The programme includes a specialized focus on marketing fundamentals, delving into consumer behaviour and brand strategy. It emphasizes New Age Digital Marketing, equipping students with essential skills such as social media analytics, content marketing across emerging platforms, and leveraging AI-powered marketing tools.

PGP in Sports Management

This Sports Management programme equips students with the skills to navigate the fast-growing sports industry. Students master sports marketing, event management, finance, analytics, and legal aspects, preparing them for careers in sports media, sales, marketing & sponsorships, sports analytics & consulting, sports events, operations, performance management and eSports. Through case studies, guest lectures, and real-world projects, students emerge career-ready with a deep understanding of the business of sports.

MESSAGE FROM VICE CHANCELLOR

Dear Industry Partner,

I hope this message finds you well.

At Jio Institute, we are committed to developing career-ready professionals with specialized, new-age skills. We currently offer three one-year, full-time, residential postgraduate programmes in Artificial Intelligence & Data Science (AI&DS), Management (specialisation in Marketing) & Sports Management

These programmes are designed and mentored by expert academicians from renowned international universities, and are taught by a blend of both academics and industry practitioners from India and around the world.

Our approach to education goes beyond traditional academic excellence. We focus on holistic development, combining academic knowledge with practical skills, personal development, and real-world experiences. This approach prepares our students to step confidently into the professional world. A strong emphasis is placed on fostering a research-oriented and innovative mindset, which is essential for both personal growth and driving positive change in society.

As a valued partner, we invite you to visit our beautiful sea-side campus in Ulwe, Navi Mumbai, and meet our students if you have not done so already. We are confident that our upcoming graduating cohort will be well-suited for roles in your organization, and we encourage you to consider recruiting from this talented pool of future leaders.

The entire Jio Institute team is dedicated to collaborating with you, and we look forward to strengthening our partnership to contribute to India's knowledge economy

Dr. Dipak Jain

Former Dean, Kellogg School of Management, USA
Former Dean, INSEAD, France

PROGRAMME OVERVIEW

ARTIFICIAL INTELLIGENCE & DATA SCIENCE

In this programme, the students embark on a journey to explore the fascinating realm of cutting-edge AI technologies that are reshaping industries, revolutionizing decision-making, and transforming the way we interact with data and information.

Foundation

- Probability & Statistics
- Data Structures and Algorithms
- Python Programming
- Introduction to AI
- Databases and Data Warehouses
- Linear Algebra & Optimization
- Data Visualization
- Time Series Analysis

Core

- Machine Learning I & II
- Bigdata Engineering
- Natural Language Processing
- Computer Vision
- Deep Learning
- Speech Processing
- Responsible AI
- ML Operations (ML Ops)
- Generative AI & Prompt Engineering

Advanced

- Advance topics in Machine Learning
- Advance topics in Bigdata Engineering
- Large Language Modules (LLMs)
- Machine Learning Operations (ML Ops)
- Human-Computer Interface
- Digital Business Transformation using AI

AI for X – Case Studies

An industry talk series on case studies for applications of AI in:

- Industry Verticals
- Business Verticals
- Society Verticals

Tools

DISTINGUISHED FACULTY

We bring together exceptional minds from around the world. Our faculty includes accomplished professionals, researchers and industry leaders. Our educators have a keen eye on current trends. Together, they collaborate to deliver an enriching learning experience for our students.

Dr. Shailesh Kumar

Chief Data Scientist, Center of Excellence in AI/ML, Reliance Jio, India

Dr. Larry Birnbaum

Professor, Computer Science, Northwestern University, USA

Dr. Arindam Banerjee

Founder Professor, Department of Computer Science, University of Illinois Urbana-Champaign, USA

Dr. Vishnu Nagadevara

Former Professor and Dean, Indian Institute of Management Bangalore, India

Dr. Varun Aggarwala

Assistant Professor, Jio Institute

Dr. Vishal Lala

Professor of Marketing, Lubin School of Business, PACE University, USA

Mr. Manaranjan Pradhan

Founder & Director, AwesomeStats Consulting Pvt Ltd, India

Mr. Sray Aggarwal

Principal Consultant, Fractal AI, UK

Mr. Anmol Karnwal

Applied AI Scientist, Microsoft, India

Dr. Dwarikanath Mahapatra

Senior Research Scientist, Inception Institute of Artificial Intelligence, Abu Dhabi, UAE

Ms. Goda Ramkumar

Vice President, Data Science, Swiggy, India

Dr. Tehila Shwartz Altshuler

Head of the Democracy in the Information Age Program, Israel Democracy Institute, Israel

Dr. Khyathi Chandu

Research Scientist, Allen Institute of AI, USA

Dr. Ashish Tendulkar

AI/ML Leader, Google, India

Dr. Sudipta Roy

Associate Professor, Artificial Intelligence & Data Science, Jio Institute, India

Mr. Anant Agarwal

Data Science Manager, Nissan Motor Corporation, India

Mr. Rishabh Sharma

Principal Software Engineer and Founder, MindsOnAI Technologies (OPC), India

Mr. Arpit Yadav

Senior Data Scientist-R&D, CCE Bangalore, India

STUDY

ABROAD MODULE

The Study Abroad Module is one of the key elements of the Institute's curriculum, reflecting its commitment to providing students with valuable international exposure. This mandatory module ensures that every student has the opportunity to study at one of the partner universities, integrating academic learning, industry immersion, and cultural enrichment into a comprehensive experience. In the previous years, students have visited Nanyang Technological University (NTU), Singapore to attend new-age courses and industrial immersion at pioneers such as Teradata, PALO IT, Decathlon and AWS.

The AI & DS Class of 2024-25 visited NTU Singapore and attended lectures on Cyber Security and Blockchain Technology by renowned faculty, including **Dr. Ernie Teo**, Senior Lecturer & Program Director, Nanyang Business School; **Dr. Anupam Chattopadhyay**, Associate Professor, College of Computing & Data Science and **Dr. Shivam Bhasin**, Principal Research Scientist & Program Manager, Centre of Hardware Assurance at NTU. They visited the **Global Fintech Institute** and **Seagate Technologies** as part of their industrial immersion.

Our Partner University

EXPERIENTIAL LEARNING

Our pedagogy focuses on experiential learning, which involves immersing students in practical experiences to apply and reinforce theoretical concepts. This method enhances understanding and skill development through direct engagement, reflection, and iterative practice.

Internships

Students undertake an internship with leading organisations, offering them practical experience in a professional setting. This opportunity enables them to apply academic knowledge, build valuable professional networks, and gain hands-on experience across various functions, all under the guidance of industry mentors.

Capstone Project

Industry-driven projects are a crucial element of the curriculum, allowing students to apply classroom knowledge to real-world challenges. Guided by industry mentors, these projects provide students with valuable insights and support, helping them develop solutions within a simulated environment.

Corporate Projects

The students engage in live projects for various organizations, mentored by senior executives. These projects allow students to tackle real business challenges and develop actionable solutions. Running concurrently with their academic programme, these projects provide an opportunity to apply their classroom learnings in a practical, real-time setting.

Industry Collaboration

Throughout the year, students participate in industry visits to leading organizations, gaining invaluable practical exposure and interacting with senior leadership from renowned global companies. These visits offer a comprehensive view of "a day in the life" of their desired profession, including opportunities to tour expansive corporate campuses, observe processes in action, and engage with the leadership teams.

LEARNING & DEVELOPMENT

Learning & Development (L&D) is an important part of academics at Jio Institute. It includes a wide range of activities designed to help students grow both personally and professionally. From classroom learning to hands-on corporate exposure, L&D helps bridge the gap between academics and the real world.

These activities include skill-building workshops, mock interviews, industry talks, group projects, and career guidance sessions. The goal is to make students confident, interview-ready, and well-prepared for the demands of the industry. Some of the activities conducted include :

Placement Preparation

- Critical thinking
- Resume Prep and workshop
- GD Workshop and Mock Interviews
- Role Based Workshop
- Offline and Online Mentorship

General -Soft Skill Sessions

- Communication
- Elevator Pitch
- Presentation Skills
- Tableau

Technical Workshops

- Tableau
- Advanced Excel
 - Finance for Business Application
 - Miscellaneous (Ad Hoc)

Aptitude Test

Mock Test for Aptitude Preparation

Domain Related

- Google Analytics
- Search Engine Optimisation

Ref: B2K/Jio/MUM/RB/0002/2025-26

October 17, 2025

To
The Head of Placements
Placements Department
Jio Institute,
Ulwe,
Navi Mumbai - 410206

Dear Sir,

Re: Audit of Placement Report for the batch 2024-25 of Post Graduate Programme in Artificial Intelligence and Data Science, Management (specialisation in Marketing) and Sports Management

We have audited the data related to remuneration, function & location as presented in the Placement Report prepared by Jio Institute for the final placement (based on the offers accepted on campus) for the batch 2024-25 of Post Graduate Programme in Artificial Intelligence and Data Science, Management (specialisation in Marketing) and Sports Management.

The preparation of the Placement Report is the responsibility of Jio Institute. Our responsibility is to validate the information related to remuneration, function & location provided in the report with the relevant documentation and comment on the conformance of those with the Indian Placement Reporting Standards (IPRS) Revision 2.2.

In this context, we confirm the following:

1. For the purpose of the audit, we have obtained all the information and explanations, which, to the best of our knowledge and belief, were necessary. In our opinion, the data related to remuneration, function & location as presented in the Placement Report complies with the Indian Placement Reporting Standards Revision 2.2. B2K has relied on declaration of authenticity from the management of Jio Institute for considering such data points.
2. The validation of information presented in the report is based on communication received by Jio Institute from the recruiting companies. B2K Analytics has not independently sourced any information or documentation from the recruiters.
3. We have verified the information with respect to job location, function and remuneration presented in the report with communication received from recruiters by Jio Institute.
 - a. The information has been categorised as best as possible under different salary heads as given in the IPRS Revision 2.2; where a break-up was not available, the entire remuneration has been considered as 'Fixed component' as advised by Jio Institute through a suitable declaration.

B2K Analytics Private Limited

(Formerly Brickworks Analytics Pvt. Ltd.)

3rd Floor, Raj Alkaa Park, Kalena Agrahara, Bannerghatta Road, Bengaluru - 560 076
P: +91 80 4040 9950 | E: info@b2kanalytics.com | www.b2kanalytics.com

- b. The data points mentioned under different salary heads are representative of aggregate salary components offered to the candidates.
 - c. Long-Term benefits like ESOPs (vested after the first year), retention bonus and any other long-term benefit to be paid after the first year have not been considered for the calculation of 'Maximum Earning Potential'.
 - d. We have considered the amount of Gratuity in the calculation of MEP even though it is payable after 5 years of service as this amount is not separately available for all the candidates.
 - e. Wherever information about the job location and function of students could not be established from the documents, and where offer letters were not signed, the details have been confirmed by the institute. An official declaration regarding the same has been obtained from the Placement Head.
 - f. Wherever information was missing reasonable assumptions have been made.
4. The acceptance of offers and the number of students opting out of the placement process has been established through written communication from those students.
- a. Out of 123 eligible students, 14 students opted out of the placement, including 2 company sponsored students who have returned to their respective organizations.
5. Although a total of 16 students from Sports Management Programme were placed through the Institute, the report presents salary statistics for only 15 students as one of the students was offered internship.
6. We have only audited the data related to remuneration, function & location in the Placement report and not the overview, placement highlights section or any additional information presented in the report.

Best Regards,

Ritaban Basu
CEO

- Data Scientist
- AI/ML Engineer
- ML Ops & Data Ops
- Generative AI
- Consultant (Business, Management & Tech)

ALUMNI TESTIMONIALS

I'm incredibly grateful to Jio Institute for its pivotal role in my journey. I've recently been placed at Ernst & Young (EY) as a Consultant—an achievement made possible by the Institute's strong academic foundation, practical exposure, and dedicated career services. The workshops, mock interviews, and resume sessions truly prepared me for success. A special thanks to the career services team for bringing top-tier companies like EY to campus. I'm excited to start this new chapter and look forward to giving back to my alma mater.

Karthik Boinepally
PGP in AI&DS, Class of 2025

My placement journey at Jio Institute was a mix of excitement, nervousness, and growth. The multiple mock interviews were a great boost, they were aligned with industry standards and helped ease a lot of the anxiety. The overall preparation was well-structured, with soft skills sessions and AI for X adding immense value. The CV-building workshops conducted before the placements made a real difference. I'm truly grateful to the placement team, especially Richa ma'am and Ritu ma'am, for their constant support and guidance throughout the process.

Prajwal Wagh
PGP in AI&DS, Class of 2025

My time at Jio Institute, pursuing the AI and Data Science program, has been truly transformative. Coming from an ESG background with limited data science exposure, the comprehensive curriculum and industry-experienced faculty helped me quickly gain confidence and practical skills. With 20+ subjects, hands-on projects, and strong academic support, the program was both rigorous and rewarding. Beyond academics, soft skills training, career counseling, and excellent placement support made a real difference. Choosing Jio Institute was one of the best decisions I've made—it has equipped me for a successful career in AI and Data Science.

Maulik Ruparel
PGP in AI&DS, Class of 2025

ALUMNI TESTIMONIALS

I want to express my heartfelt Note.

Like many, my path was initially shaped by societal expectations, but I never let those define my true aspirations. I began my career with TCS right after my B.Tech and worked there for two years. During that time, my curiosity and passion for AI and Data Science kept growing. I started exploring options to transition into this field, and that's when I discovered Jio Institute a world-class institute that matches international standards, right here in India. I made the decision to join their AI & Data Science (AIDS) program not just to gain knowledge in emerging technologies, but to understand how data can transform real-world businesses.

From the moment I got selected, my journey at Jio Institute has been nothing short of a roller coaster full of learning, growth, and unforgettable memories. I took a sabbatical from my job to give this journey my full attention. The support I received from everyone from the hospitality team to our professors was incredible. The environment was highly motivating and collaborative, and I got to learn not just from books, but from peers, mentors, and industry experts.

A special mention goes to the Career Services team, who went above and beyond. From the first quarter, they had a clear plan from resume-building sessions with one-on-one mentorship from the MBA Trek team to weekly industry interaction sessions. Their idea of mock interviews customized for roles in both services and consulting companies, across technical and behavioural rounds helped me become interview ready with confidence.

For internships in Q3, they carefully matched opportunities based on our individual interests and strengths. I got the chance to intern at Pine Labs, where I worked on real-world Data Science problems and regularly connected with mentors for feedback and reviews. This experience helped shape my understanding of applying AI in business environments.

After gaining confidence through my internship, I resigned from TCS and fully focused on final placements. In Q4, things became even more hands-on with advanced workshops, LinkedIn profile building, and constant support. Thanks to their efforts, I participated in the placement drive in January and was thrilled to be placed at Suzlon as a Data Scientist. It's now been two months, and because of the strong foundation I received, I'm able to perform confidently and deliver results in my role.

Throughout this journey, the institute never lost sight of our well-being organizing cultural events and wellness sessions to keep us balanced and energized.

Kushwanth Boina
PGP in AI&DS, Class of 2025

RECRUITER TESTIMONIALS

The process was smooth, and the placement team ensured complete support. We truly appreciate working with institutes that believe in not just placing students but grooming, guiding, and aligning students to current skill requirements.

Sarah Roy Thomas
Campus Lead, GEP Worldwide

Our experience with the placement process at Jio Institute was very professional and efficient. It was evident that the program's curriculum equipped students with a strong technical foundation as well communication skills. We are happy with our experience and look forward to continued collaboration.

- Bank Statement Analysis Fraud Detection
- Watch Tower – Driving Sustainable Business Growth and Profitability
- Generative AI for Fraud Detection in BFSI
- NPA Settlement Prediction

Recommender Systems

- Low Latency Real Time Recommender System
- Products Recommendation for Retailers

Industry Specific Applications

- Payment personalisation in Razorpay Checkout 360
- Coupon Intelligence in Razorpay Checkout 360
- Automating Checkout Process in Retail
- Automating Data Engineering Workflows Using CI/CD

CAPSTONE PROJECT

AI in Industry Applications

- DermaFit – AI-powered Match for your Skincare Needs
- AI-Powered Legal Intelligence: A Multi-Agent Approach
- Smart Admissions: AI-Powered Agent for Streamlined Student Enrollment
- AI Integration for New Energy Infrastructure
- AI in Sustainable BFSI: Leveraging AI for Green Lending, ESG-Driven Underwriting, and Fraud Detection in Sustainable Finance
- Finance and AI
- AI-Powered Assessment: Automating Grading and Feedback in Education

AI in Security & Risk Management

- AI in Cybersecurity: A Review of Threat Detection, Prevention, and Adaptive Defence Mechanisms
- Using Generative AI to Simulate Cybersecurity Attacks in Telecom: A Proactive Approach to Network Defense
- Battling Deepfake in BFSI: Strengthening KYC Verification in BFSI sector

AI in Marketing & Consumer Behaviour

- Agentic AI in Marketing
- Digital Content Virality Prediction and Optimization: An Analysis of Historical Patterns, Current AI Solutions, and Development of an Integrated Marketing Asset Creation Platform

Foundational & Theoretical AI

- Transformers and Generative AI: A Comprehensive Study and Industry Use Cases
- How Artificial intelligence (specifically Neural Networks) can be Used to Model and Understand Complex Systems and Chaos

AI in Operations & Infrastructure

- The AI Revolution in Supply Chain Management: From Predictive Analytics to Autonomous Operations
- AI in High-Density Crowd Management: A Review of Surveillance, Anomaly Detection, and Disaster Preparedness Systems
- AI for Self-Regulating Financial Systems and Compliance Audits

CASE COMPETITION

LuxFeud by SDA Bocconi Asia Center, Mumbai

A team consisting of 4 PGP Marketing students won the LuxFeud-Second Edition Business Competition on 10th August 2024. The three-round competition saw spirited participation of more than 600 teams from across India. After a couple of rounds of online quizzes, the students presented their pitch that outlined the strategic roadmap for Fidenza Village, a luxurious open-air shopping destination, followed by Q&A with an expert panel

SproutIT 2024 by Symbiosis Center for Information Technology

A team consisting of 4 PGP Marketing students won an ideation challenge as part of the SproutIT 2024 organized as part of their Prismatic North fest with Information Technology Entrepreneurship and Leadership Forum (iTELF). The two-round competition saw participation from more than 300 teams from leading universities. After the quiz round, 25 teams presented their pitch, amongst which the Jio Institute team secured the first place.

Ideate: Pitch Deck and Marketing Strategy Event, IIT Dharwad

The E-Summit 2024 hosted by IIT Dharwad, saw participants present innovative business ideas along with comprehensive marketing strategies. Out of 400 participating teams, the team consisting of three of our PGP students secured the second place.

The team's project, titled "Waste Not, Feed All: Innovating Food Waste Management in India," focused on addressing two significant issues: India's growing food waste crisis and the demand for sustainable animal nutrition. Their proposal outlined a scalable business model aimed at transforming food waste into high-quality animal feed. The initiative would initially launch in Tier 1 cities, with plans for national expansion.

The business leverages cutting-edge technology, utilizing AI-powered waste segregation systems and low-heat dehydration techniques to preserve the nutritional value of the waste, ensuring it meets the needs of the animal feed market.

CONCLAVES ON CAMPUS

AI & DS Conclave

The AI & Data Science students organized the panel discussion focused on “**Digital Transformation Using AI**”, bringing together technology leaders from Mahindra Group, Hinduja Group, PwC, and CGI to explore the transformative role of AI across sectors.

In his opening address, **Dr. Shailesh Kumar** emphasized AI as a key driver of innovation. **Mr. Mohit Kapoor** (Mahindra Group) showcased AI-led advancements in automotive, including AR-enabled assembly lines and virtual metaverse test drives. **Mr. Mukesh Rathi** (Hinduja Group) highlighted AI’s use across automotive, finance, healthcare, and agriculture, such as predictive maintenance, personalized banking, and AI-powered connected tractors.

Mr. Siddhartha Ghosh (CGI) discussed AI’s role in energy optimization and smart real estate, while **Mr. Mahesh Parab** (PwC) stressed the value of fail-fast innovation models.

Panelists collectively underscored AI’s cross-industry impact and advocated for robust frameworks, stakeholder alignment, and a data-driven culture to unlock AI’s full potential in shaping the future of business.

Panelists

- Mr. Mohit Kapoor – Group CTO, Mahindra & Mahindra
- Mr. Mukesh Rathi – Global Chief Digital Officer, Hinduja Group
- Mr. Siddhartha Ghosh – Director, Consulting Services, CGI
- Mr. Mahesh Parab – Partner, PwC

Moderator:

Dr. Shailesh Kumar – Chief Data Scientist, Center of Excellence in AI/ML, Reliance Jio

Convergence 2024

The conference in Singapore focused on bridging industry and academia to shape the future workforce amidst rapid technological change. The theme for Convergence this year was ‘**AI and the Future of Work**’. The conference saw two panel discussions on ‘**Tech & Transition: Convergence of AI Across Sectors**’ and ‘**Navigating The Future: Breakthroughs & Perspectives From New-age Start-ups**’.

HR Conclave

The ‘**ViewPoint 2023: AI Reshaping the Future of Workplace**’ HR conclave featured two engaging panel discussions on ‘**Navigating Megatrends: AI in HR**’ and ‘**Emerging Trends in AI and Employment Opportunities**’.
