MESSAGE

VICE CHANCELLOR

Dr. Dipak Jain

Former Dean, Kellogg School of
Management, USA

Former Dean, INSEAD, France

Dear Reader,

We at Jio Institute are committed to shaping the next generation of professionals who are equipped to thrive in a rapidly changing world. Our goal is to bridge the gap between industry needs and specialized skills through carefully crafted postgraduate programmes. Currently we offer three postgraduate programmes: (a) Artificial Intelligence & Data Science (AI&DS), (b) Management (specialisation in Marketing), and (c) Sports Management. These programmes are meticulously designed and mentored by expert academicians from renowned international universities. Our faculty comprises both academics and industry practitioners from India and around the world.

Our educational philosophy emphasizes holistic learning, combining academic excellence with personal development, practical skills, and real-world experiences. This comprehensive approach ensures that our students are well-prepared to step confidently into the professional world. Additionally, our curriculum includes a 'Study Abroad Module', offering students the opportunity to engage with global institutions and industry, broaden their perspectives, and gain valuable international exposure.

We place significant emphasis on cultivating a mindset oriented toward exploration and innovation, which we believe is essential not only for personal growth but also for driving positive change in society.

PGP PROGRAMMES

PGP in **Artificial Intelligence and Data Science**

This programme offers a comprehensive and rigorous curriculum that covers courses from foundation to advanced levels including Machine Learning, Deep Learning, Fundamentals of AI, Natural Language Processing (NLP), Optimization, Bigdata Engineering, Data Visualisation, Responsible AI, Reinforcement Learning and Time Series Analysis. The programme focuses on both theoretical foundations and practical application. Students learn to solve business problems using AI and Data Science across various industries. Through hands-on projects, capstones, industry interactions and internships, students gain practical exposure to real-life AI & DS applications.

PGP in **Management (specialisation in Marketing)**

This Management Programme in Marketing offers a robust foundation in core management principles, preparing students to effectively plan, lead, and execute strategic decisions. The programme includes a specialized focus on marketing fundamentals, delving into consumer behaviour and brand strategy. It emphasizes New Age Digital Marketing, equipping students with essential skills such as social media analytics, content marketing across emerging platforms, and leveraging AI-powered marketing tools.

PGP in **Sports Management**

This Sports Management programme equips students with the skills to navigate the fast-growing sports industry. Students master sports marketing, event management, finance, analytics, and legal aspects, preparing them for careers in sports media, sales, marketing & sponsorships, sports analytics & consulting, sports events, operations, performance management and eSports. Through case studies, guest lectures, and real-world projects, students emerge career-ready with a deep understanding of the business of sports.
